

EARLY INTERVENTION

All students who attend DECD schools and who have been identified with a learning disability receive funding and support.

NEWBERY PARK PRIMARY SCHOOL PROVIDES SUPPORT TO STUDENT'S WHO ARE IDENTIFIED AS:

- Falling behind
- Stagnating in their learning
- Not meeting the curriculum standard
- Requiring additional support with their learning

HOW DOES THIS WORK?

- We use known learner assessment tools and strategic data analysis methods to identify areas for further improvement
- Once a student is identified then a program is developed to meet their needs
- One on one time is then provide to accelerate student learning
