EXTERNAL SCHOOL REVIEW

for

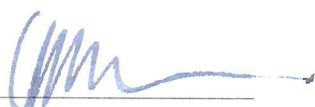

Newbery Park Primary School

was conducted in August 2015

The External School Review process supports schools to raise student achievement and sustain high performance. It provides quality assurance to build and sustain public confidence in DECD schools.

The public report with directions for the future is available on the school website.

The Review Panel acknowledges the co-operation provided by the school during the review process.

OUTCOMES OF EXTERNAL SCHOOL REVIEW 2015

Newbery Park Primary School is facing challenges in the ongoing development of a whole-school approach to teaching and learning and the provision of a coherent curriculum for learners.

The Principal will work with the Education Director to implement the following Directions:

1. Improve the growth of student achievement by providing regular time and leadership to support teachers to analyse data, monitor growth and identify teaching points.
2. Support, stretch and challenge all students by differentiating the curriculum and providing planned learning opportunities in each classroom that cater for the varied needs of all students.
3. Increase the number of students achieving the SEA by providing structured opportunities for teaching teams to plan together and use consistent, agreed approaches to meet the needs of learners in each cohort.
4. Prioritise improvement strategies to provide a sequential and easily understood improvement agenda that can be evaluated regularly in terms of student progress.
5. Ensure ongoing induction, professional learning and performance development processes build capacity of all staff to consistently implement agreed approaches.

Based on the school's current performance, Newbery Park Primary School will be externally reviewed again in 2017.
